SUMMARY

Third-year B.Tech CSE student at NMIMS MPSTME Shirpur (CGPA 8.48) who builds and ships real products. President of the Coding Club, Vice President of Ambiora 2027 and Google Student Ambassador; previously Web Developer Intern at Infotact Solutions and Web Development Lead at GDG on Campus. Shipped 20+ projects and placed Top 10 at a campus hackathon (30+ teams). Skilled in React, TypeScript, Next.js, Node.js, Python and retrieval systems.

EXPERIENCE

President, Coding Club, NMIMS MPSTME Shirpur Jun 2026 - Present
- Lead the campus Coding Club, overseeing six departments, all teams and events. Live: coding-club-nmims.vercel.app
- Run machine learning workshops, coding contests and guest speaker events for an active student developer community.

Vice President, Ambiora 2027, NMIMS MPSTME Shirpur 2026 - Present
- Co-leading the 2027 edition of the NMIMS inter-campus techfest, planned for around 1,000 participants.

Google Student Ambassador 2026, Google (GID: 8947) May 2026 - Present
- Run a monthly session introducing students to new Gemini features and complete the program's mandatory tasks.

Web Developer Intern, Infotact Solutions (Remote) May 2026 - Jul 2026
- Led a 4-developer team building a real-time B2B SaaS collaboration workspace with React 19, TypeScript, Vite and Socket.IO.
- Built real-time messaging and presence with Socket.IO, Redis and MongoDB, containerized with Docker. Owned sprint planning and frontend code review.

Technical Convenor, Ambiora Techfest, NMIMS MPSTME Shirpur Jan 2026 - Mar 2026
- Built the official event site (registrations, schedule, sponsors): 500+ visitors, zero downtime. Live: ambiora-techfest.vercel.app
- Managed technical operations across 8+ events with the organizing committee.

Technical Lead, Flavium Sports Event, NMIMS MPSTME Shirpur Jan 2026 - Feb 2026
- Built the official sports event site and handled technical operations end to end, including 5+ events. Live: flavium-official.vercel.app

Web Development Lead, Google Developer Groups on Campus, NMIMS MPSTME Shirpur Aug 2025 - Sep 2026
- Led a team of 10 across web development workshops and campus tech events; ran 3+ workshops for 100+ students.
- Placed Top 10 at the GDG On Campus Hackathon out of 30+ teams.

PROJECTS

Deep Dive, This Portfolio | React 19, TypeScript, Three.js, GLSL 2026
- Scroll-driven 3D portfolio built as a descent into the ocean: custom water shader, adaptive quality tiers for phones, and 70 passing tests. Live: jaynaik.antideploy.app
- Includes a chat that answers only from the site's own writing (BM25 retrieval plus an LLM through a serverless function, with an offline fallback).

NiyamKosh, Smart India Hackathon 2026 | FastAPI, MiniLM + BM25, Cross-encoder 2026
- Recommendation engine that maps a procurement need to the applicable Indian Standard (BIS); 27,687 standards indexed, 4,917 real tenders read, and no standard invented, in eleven Indian languages. Live: niyamkosh.indiasouthcentral.cloudapp.azure.com

Kupakosh, Smart India Hackathon 2026 | Python, Next.js, RAG 2026
- Well-memory system for Oil India Limited that draws each well as its recorded formation column to surface past problems in the same rock layers. Led Team The RAGnarok (PS 26121). Live: kupakosh.duckdns.org

StudySync, Attendance and Marks Platform | React 19, Node.js, MongoDB, Gemini Sep 2025 - Jan 2026
- Deployed multi-user platform used by 20+ classmates: live attendance via SAP automation, marks hub with a what-if goal calculator, Gemini study tools and a faculty mentor system. Live: studysync-inky.vercel.app

OR/Studio, Operations Research Workbench | React 19, TypeScript, Vite, Tailwind 2026
- Open-source, offline in-browser replacement for TORA with exact fraction arithmetic and every tableau step explained; 452 tests passing. Live: or-studio.antideploy.app

EDUCATION

B.Tech, Computer Science Engineering, SVKM's NMIMS MPSTME, Shirpur 2024 - 2028
CGPA: 8.48 / 10. Coursework: DSA, OOP (Java), Web Programming, DBMS, Discrete Mathematics.
Class XII (CBSE, Science): 89% (2024) | Class X (CBSE): 94% (2022), S.G.M. Shiroiya English School, Navsari

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, Java, C++, SQL **Frontend:** React, Next.js, Three.js, HTML5, CSS3, Tailwind CSS
Backend and Data: Node.js, Express, Flask, FastAPI, REST APIs, Socket.IO, Redis, MongoDB, Oracle SQL, MS SQL Server
Tools: Git, GitHub, Vercel, Docker, Postman, Playwright, VS Code **Also:** RAG and BM25 retrieval, ESP32, MQTT

CERTIFICATIONS AND ACHIEVEMENTS

- Google AI Essentials, Google / Coursera (2026). Python for Everybody, University of Michigan / Coursera (2021). Crash Course on Python, Google / Coursera (2021).
- Google Student Ambassador 2026 (GID: 8947). Top 10, GDG On Campus Hackathon (30+ teams). Full list at jaynaik.antideploy.app.
